2012 Formula 1

United States Grand Prix

Austin, TX

November 16th – November 18th, 2012

Due to the large number of aircraft operating to and from the Austin and San Antonio metropolitan areas during the week of United States Grand Prix, the following procedures will be used to enhance safety and minimize air traffic delays.

SECURITY PROVISIONS

Special security provisions will be in effect for this event including (but not limited to) Temporary Flight Restrictions (TFRs), two-way communication and discrete transponder requirements. Specific procedures contained in this NOTAM may be revised and access to some airports may be restricted. Pilots are encouraged to check NOTAMs frequently to verify they have the most current information.

TFR information is normally disseminated by FDC NOTAM 3 to 5 days prior to the event. Once published, text and graphic depictions of restrictions may be found on the following web site:

www.tfr.faa.gov

Pilots should be prepared to provide documentation including personal identification, certificate number, aircraft ownership information, and a contact number.

THIS NOTAM DOES NOT SUPERSEDE RESTRICTIONS PERTAINING TO THE USE OF AIRSPACE CONTAINED IN FDC NOTAMS.

TRAFFIC MANAGEMENT

Traffic management initiatives will be utilized when arrival rates exceed airport capacity. Pilots should be prepared for potential airborne holding, reroutes, and/or Expect Departure Clearance Times (EDCT's) that may be issued for all domestic IFR arrivals to the following airports. Airspace Flow Program (AFP) or Ground Delay Programs (GDP's) are possible.

AIRPORT	IDENTIFIER
AustinBergstrom International	AUS
Austin Executive	EDC
Georgetown Municipal	GTU
New Braunfels Regional	BAZ
San Antonio International	SAT
San Marcos Municipal	HYI

AIRPORTS WITH TEMPORARY CONTROL TOWERS

Heavy demand and traffic management initiatives may be expected during the following dates/times:

Daily, Friday, November 16, 2012 through Sunday, November 18, 2012

0600 CST (1200 UTC) through 2300 CST (0500 UTC)

Traffic management initiatives for this event are designed to provide equitable airspace access. To maintain program integrity and minimize delays, airborne changes of destination to above listed airports will not be accepted within 200nm of destination, except in emergency situations. Duplicate flight plans (same time/call sign) to multiple airport destinations are subject to removal from the system.

AIRFILES

Airfiles and change of destination from airborne flights to airports listed in this NOTAM will not be accepted during peak demand periods.

ARRIVAL ROUTES

No special arrival routes will be in effect

DEPARTURE ROUTES

No special departure routes will be in effect

AIRPORT INFORMATION

Airport diagrams are available on the Internet at:
http://www.faa.gov/air_traffic/flight_info/aeronav/

Pilots/operators are strongly urged to contact an FBO at the airport of intended landing prior to initiating their flight into the Austin and San Antonio area to ensure parking availability for either overnight parking or passenger pickup/dropoff.

Parking reservations will be required at some of the airports, check with FBO.
